

## **City of Flagstaff**

## Report Graffiti

The City of Flagstaff **Graffiti Busters Program**, along with the Flagstaff Police Department, neighborhood groups and many other civic and volunteer organizations, are working to eradicate graffiti within the City of Flagstaff. There is much research to show that graffiti removed within 24 to 48 hours of its appearance is less likely to be re-applied in the same location.

## **PROGRAM GOALS:**

- Support and maintain a clean and graffiti free community
- Enhance the City of Flagstaff's quality of life by reducing graffiti blight
- Reduce economic and social impact of graffiti on our neighborhoods
